DOMINION ORDERS IN COUNCIL.

P.C. No. 823.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY THE DEPUTY OF HIS EXCELLENCY THE GOVERNOR-GENERAL, ON THE 16TH MAY, 1928.

THE Committee of the Privy Council have had before them a report, dated 3rd May, 1928, from the Minister of the Interior, submitting that under the regulations established by Order in Council of the 26th of March, 1924, and subsequent amending Orders in Council governing the granting of yearly licences and permits to cut timber on Dominion lands in the Provinces of Manitoba, Saskatchewan, Alberta, the Railway Belt in the Province of British Columbia, and the Peace River Block in the Province of British Columbia, the right to cut timber on Legal Subdivisions 12 and 13 of Section 31, Township 4, Range 27, and Legal Subdivisions 9 and 16 of Section 36, Township 4, Range 28, all west of the 6th meridian, which are now designated as Timber Permit Berth No. 675, was sold at public auction on the 25th of May, 1926, to the Ruby Creek Shingle Company, of Ruby Creek, British Columbia, in accordance with clause (h) of section 47 of the aforementioned regulations, which covers the disposal of isolated tracts of timber containing an area of not more than 160 acres and where no survey is necessary.

That under section 42 of the regulations aforementioned the rate of dues for the aforesaid class of berth is \$1.50 per cord for shingle-bolts.

That it has been represented that this rate is too high to permit operations being conducted; that the timber consists chiefly of cedar, and that if the shingle-mill now in the district is dismantled the timber may, as it is isolated, remain uncut indefinitely.

The Minister, therefore, after taking into careful consideration the report of an officer of the Department well versed in actual existing local conditions, recommends that the rate of dues payable on shingle-bolts which may be cut on the above-mentioned berth be reduced to \$1 per cord.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

P.C. No. 835.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY THE DEPUTY OF HIS EXCELLENCY THE GOVERNOR-GENERAL, ON THE 16TH MAY, 1928.

THE Committee of the Privy Council have had before them a report, dated 8th May, 1928, from the Minister of the Interior, submitting as follows:—

On the 16th of November, 1923, William H. Thomson obtained entry for Legal Subdivision 10 of Section 5, Township 22, Range 1, west of the 6th meridian, as a homestead in the Railway Belt in the Province of British Columbia under the provisions of the regulations governing the disposal of Dominion lands in the said Belt. On the 26th of May, 1924, he also obtained entry for Fractional Legal Subdivisions 15 and 16 of the same section (area 30 acres) as a soldier grant under the provisions of the "Soldier Settlement Act."

According to a report submitted by an officer of the Department, this entrant performed a period of two years' continuous residence dating from the 1st of November, 1923, during which time he made improvements consisting of a house, stable, fencing, etc., 3 acres cultivated and 3 acres rough-cleared and seeded down, the total value of the said improvements being \$1,005.

This settler represents that he has been unable to complete his settlement duties owing to rheumatism, the result of service in the Boer War, and also in the European War 1914-1918; that he has lost four fingers of his right hand, and that although he served with the Canadian Expeditionary Forces for two and one-half years he is in receipt of no pension except an allowance of thirty-four cents per day for his services in the Boer War. He further represents that he is otherwise hampered by the disability of his wife, who suffers from almost total blindness.

The Minister submits the annexed copy of a medical certificate dated the 15th of January, 1926, and recommends that under the provisions of subsection (2) of section 20 of "The Dominion Lands Act," R.S.C. 1927, chapter 113, in the case of the homestead, and under the provisions of the Order in Council of the 23rd of May, 1921 (P.C. 1471), in the case of the soldier grant, further residence duties on the part of the said William H. Thomson be remitted, and that he be granted letters patent for the lands above described upon furnishing proof in the ordinary way of the performance of the conditions attached to his homestead and soldier grant entries other than residence.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Monday, the 7th day of May, 1928.

PRESENT:

THE DEPUTY OF HIS EXCELLENCY THE
GOVERNOR-GENERAL IN COUNCIL.

WHEREAS the regulations for the disposal of petroleum and natural-gas rights, the property of the Crown, in the Western Provinces and Territories, approved by Order in Council dated the nineteenth day of January, 1914, and amended by subsequent Orders in Council, provide for the granting of leases of such rights, comprising an area not exceeding 1,920 acres, for a period of twenty-one years, renewable, subject to the payment of rental at the rate of fifty cents an acre for the first year and one dollar an acre for each subsequent year, but provision is made that expenditures incurred in actual drilling and other operations for the discovery of petroleum and natural gas may be accepted in satisfaction of the rentals payable:

And whereas the Minister of the Interior reports that it has been represented that in the plains area of these Provinces and Territories outcrops of rock formation do not frequently occur, so that, even where surface indications of folding exist, the character of the underground horizons cannot be specifically determined, except by core-drilling to a sufficient depth and with sufficient frequency to disclose the structure and to permit of an intelligent selection being made of a drilling-site, where the indications, as disclosed by preliminary drilling, are sufficiently favourable for the discovery of oil or gas to justify the large expenditure which would necessarily be incurred in drilling to depth:

That it would appear to be advisable that permission should be granted to conduct preliminary operations for the selection of suitable areas, and that protection should be given the operator during the period of such selection:

Therefore, the Deputy of His Excellency the Governor-General in Council, on the recommendation of the Minister of the Interior, is pleased to order that the regulations for the disposal of petroleum and natural-gas rights in the Western Provinces and Territories, above referred to, be and they are hereby amended by adding thereto the following provisions:—

REGULATIONS GOVERNING THE ISSUE OF PERMITS
TO PROSPECT FOR PETROLEUM AND NATURAL
GAS, THE PROPERTY OF THE CROWN.

The Agent of Dominion Lands for the district in which the rights applied for are situated shall be authorized to accept applications for permits to prospect for petroleum and natural gas, the property of the Crown, and the Minister shall be authorized to issue such permits subject to the following terms and conditions:—

1. The area and dimensions of a location which may be applied for under the provisions of these regulations, and the procedure to be followed in making such application, shall be similar in all respects to the regulations governing the issue of leases of petroleum and natural-gas rights.

2. Permits to prospect for petroleum and natural gas, when issued, shall be subject to the provisions of the regulations for the disposal of petroleum and natural-gas rights under lease, in so far as the same may be applicable.

3. The term of the permit shall be one year, at the expiration of which period the rights conveyed in the permit shall terminate.

4. A fee of five dollars shall accompany each application for a permit, which shall be refunded if the rights applied for are not available, but not otherwise.

5. The rental of the location, at the rate of ten cents for each acre applied for, shall accompany the application for a permit when filed in the office of the Agent of Dominion Lands.

6. (1.) The application shall also be accompanied by a cash bond in a sum at the rate of forty cents for each acre to be included in the permit, guaranteeing an expenditure during the term of the permit in actual core-drilling or other like operations on the location for the determination of the underlying geologic structure, of a sum equal to the amount of such cash bond, and the bond so given shall be subject to forfeiture unless evidence is furnished to the satisfaction of the Minister that such expenditure was incurred during the period and for the purpose mentioned. Forfeiture, however, may, in the discretion of the Minister, be limited to that portion of the prescribed expenditure which the permittee may have failed to incur and prove. If evidence of the prescribed expenditure is submitted and accepted, the amount of the bond shall be returned to the permittee, or to his assignee, upon the relinquishment of the permit.

(2.) No application for a permit shall be accepted or recorded unless it is accompanied by the full amount of the prescribed rental and the full amount of the prescribed bond.

7. (1.) Before the termination of the year for which the permit was granted, the permittee shall submit to the Minister a return, prepared under affidavit, containing a full and detailed statement of the prospecting and drilling operations conducted on the location during the term of the permit, the several items of expenditure so incurred, and the specific purpose for which each such item was expended.

(2.) The Minister may enlarge, for a period not exceeding thirty days, the time within which this return shall be submitted.

8. The permittee may be permitted to relinquish his permit at any time during the term thereof, provided the prescribed expenditure has been incurred and accepted in the manner indicated, and he shall have the exclusive right, before the expiration or sooner determination of such permit, to submit application under the provisions of the regulations for a lease of the whole or a portion of the tract described in the permit so terminated.

9. (1.) Upon receipt of evidence satisfactory to the Minister that the permittee has incurred, during the term of his permit, expenditures in actual core-drilling or other operations on the location for purposes of structural discovery, equal to or greater than the amount of the bond given by such permittee, exclusive of the cost of the machinery and casing employed, and of all other extraneous expenses, but including reasonable depreciation, credit may be granted the permittee for such portion of the confirmed expenditure so incurred as the Minister may consider advisable.

(2.) The credit so established may, in the discretion of the Minister, be applied on account of the prescribed rental of any petroleum and natural-gas location acquired by lease under the regulations by such permittee, including the rental for the first year of any portion of the location described in the permit which the permittee may apply to lease under the provisions of section 8 of these regulations. The credit so established shall be subject to reduction or withdrawal at any time by order of the Minister.

10. Upon receipt of evidence of legitimate expenditures incurred by the permittee during the term of his permit, in core-drilling for the determination of regional structure, on lands which are not the property of the Crown, lying adjacent or in close proximity to the location described in the permit, credit may be granted the permittee for such portion of the confirmed expenditure incurred on such lands, for the purpose specified, as the Minister may consider advisable; provided that evidence has been submitted to show that the work performed was of a character beneficial to the interests of the district in which the location lies, and that it was conducted in strict conformity with the technical requirements of the regulations; and provided also that the permittee has furnished the Minister with full geological and other data acquired by him as a result of such drilling.

11. At the expiration or sooner determination of the permit, in case the permittee has not exercised his prior right to apply for a lease under the regulations, notice shall be posted in the office of the Agent of Dominion Lands for a period of thirty days before the rights described in such cancelled permit, and which the permittee has not applied to lease, shall again become available for application under the regulations.

12. (1.) Before prospecting operations on the location described in the permit shall be commenced, the permittee shall submit to the Supervisory Engineer, or other officer named by the Minister, a statement containing detailed information as to the character of the operations to be conducted on the location, including a description of the process to be employed in collecting the required geological information, the method by which such information is to be conveyed to the Department, and the uses, purposes, and disposal of the cores which may be obtained. Unless full and detailed information is submitted by the permittee under this section, and unless such information is satisfactory to and accepted by the Supervisory Engineer, or other officer, the cash bond furnished by the applicant shall be subject to forfeiture in the discretion of the Minister.

(2.) The permittee shall from time to time, as prospecting and drilling operations on the location proceed, furnish the Minister, free of cost, and in the manner determined, with all geological and other data and reports obtained as a result of such prospecting and drilling, also with the logs of the several wells drilled, the conditions ascertained, and the results obtained.

(3.) Similar information shall also be furnished by the permittee in connection with all prospecting operations of a like character conducted by him, or on his behalf, on lands the petroleum and natural-gas rights of which are not the property of the Crown, provided such lands are adjacent to or in the immediate proximity of the area described in the permit, or lie within or adjoining the extreme limits of such area.

13. When the permittee has conducted drilling operations on his location to a sufficient extent, and with sufficient frequency, to indicate that the structure is not favourable for the production of oil or gas, but has not expended in such operations the amount prescribed by these regulations, the Minister may, in his discretion, allow the permittee to relinquish his permit, and may release the bond furnished, upon evidence, duly confirmed by the report of the Supervisory Engineer, being furnished that further expenditure in prospecting operations for the discovery of oil or gas on the location would not be warranted.

14. The permittee shall not assign, transfer, or sublet the rights granted under the permit, or any portion thereof, or any interest therein, without the

consent, in writing, of the Minister being first had and obtained.

15. In case of default by the permittee in the due observance of the compliance with any of the terms or conditions under which the permit was granted, the Minister may, in his discretion, cancel the permit and declare the amount of the bond, or any portion of it, to be forfeited to the Crown.

Clerk of the Privy Council.
